

# Finding a Family Doctor When You Have Health Insurance

---

*Selecting a family doctor (primary care provider) is important so you can have one place to go for care. That way your doctor becomes familiar with you and your health history. If a special doctor is needed, they can refer you to one.*

## Find the Doctors on Your Insurance Plan

Check with your insurance provider. Ask if they have a list of family doctors (approved providers) on your plan. Check the back of your insurance card for the number to call.

*If you have Molina or CareSource - Check the back of your card for the number or call:*

*Molina at 1-800-642-4168*

*CareSource at 1-800-488-0134*
