

# why you need a

# DOCTOR

You have been given a copy of "Health, Vision & Dental Care for Adults on Limited Incomes." Now you need to get active with your health care.

Please call and make an appointment so you will have a family doctor. Having a regular doctor that knows your health needs can help you and your family stay healthy.

If you lost your copy of the list or you didn't get a copy, you can find it on our website at [www.publichealth.columbus.gov](http://www.publichealth.columbus.gov) or call 645-6450 and ask for a copy to be mailed to you.
