

HEALTHY HOMES

and IMPACT Home Weatherization

Helping to make homes safer for families with asthma

Disarm your home of asthma triggers with our Help!

IMPACT Weatherization has partnered with the **Columbus Public Health, Healthy Homes Program** to help children and pregnant women with asthma!

We are working together to help parents to take steps that will help get rid of "triggers" that cause asthma attacks in the home AND reduce your energy costs!

If you join our program, we will work with you to make changes in your home that can lead to

- Fewer asthma attacks;
- Fewer trips to the hospital, and visits to the doctor;
- Increased school attendance; and
- Improved health for asthmatics.

Benefits are Free!

Depending on your family's needs, you may get supplies like a HEPA vacuum cleaner, dehumidifier, humidity monitor, cleaning supplies, dust mite covers for bedding, and storage bins. We offer:

- In-home Education and support,
- Help with home repairs,
- Insulation services;
- Furnace repair and maintenance; and
- Professional pest management.

Signing Up is Easy!

You only need to call one program to enroll, or for more information:

For IMPACT Home Weatherization Assistance, call 258-8702.

For more information about the Healthy Homes Program, call 645-6226

Renters and Homeowners in Columbus can enroll!
